UDRUŽENJE ZA  
HIPERTENZIJU SRBIJE

## Pozdravna reč

Poštovane kolegkinice i kolege, dragi prijatelji,

Sa velikim zadovoljstvom Vas pozivamo na IX Međunarodni kongres Udruženja za hipertenziju Srbije koji će se održati u Beogradu, u Hotelu Mona Plaza u periodu 06-07. decembar 2024. godine.

Značaj hipertenzije kao najčešćeg nezaraznog oboljenja, kao i značaj multidisciplinarnog pristupa u lečenju i dijagnostici, otvara široki prostor za stručnjake iz različitih oblasti medicine da se uključe u doprinos adekvatnom rešavanju problema arterijske hipertenzije. Posebna pažnja biće posvećena dostignućima u prevenciji, dijagnostici i lečenju arterijske hipertenzije sa ciljem sprečavanja komplikacija nastalih kao posledica neadekvatne kontrole ovog oboljenja. O svim ovim temama govoriće vodeći eksperti iz Evrope i naše zemlje.

Na kraju, želimo ponovo da Vam poželimo dobrodošlicu i verujem da ćemo i ovoga puta, zajedno, uspešno realizovati sve kongresne aktivnosti i ispuniti očekivanja učesnika.

S poštovanjem,

Prof. dr Vesna Stojanov, Predsednica UHS

Dr Nenad Radivojević, sekretar UHS

## Welcome note

Dear colleagues, dear friends,

It is with great pleasure that we invite you to the IX International Congress of the Serbian Society of Hypertension, which will be held in Belgrade, at the Hotel Mona Plaza in the period 06-07. December 2024.

The importance of hypertension as the most common non-communicable disease, as well as the importance of a multidisciplinary approach in treatment and diagnosis, opens up a wide space for experts from different fields of medicine to get involved in contributing to an adequate solution to the problem of arterial hypertension. Special attention will be devoted to achievements in the prevention, diagnosis and treatment of arterial hypertension with the aim of preventing complications arising as a result of inadequate control of this disease. Leading experts from Europe and our country will talk about all these topics.

Finally, we would like to welcome you again and I believe that this time, together, we will successfully implement all congress activities and meet the expectations of the participants.

Sincerely,

Prof. Dr Vesna Stojanov, President of UHS

Dr Nenad Radivojević, Secretary of UHS
