---

**X International Hypertension Congress  
of the Serbian Hypertension Association**

Hotel Mona Plaza, Beograd  
**26-28. februar, 2026.**

UDRUŽENJE ZA  
HIPERTENZIJU SRBIJE

Poštovane kolegice i kolege, uvaženi predavači, dragi gosti iz zemlje i inostranstva,

U ime Udruženje za hipertenziju Srbije zahvaljujemo se svim okupljenim učesnicima koji su ovde sa zajedničkim ciljem – da unapredimo znanje i razmenimo iskustva u borbi protiv hipertenzije, jednog od najvećih izazova savremenog društva. Povišen krvni pritisak i dalje predstavlja vodeći faktor rizika za kardiovaskularne bolesti, a naša stručnost, posvećenost i međusobna povezanost ključ su uspešnije prevencije, dijagnostike i terapije.

Ovaj jubilarni, deseti kongres potvrđuje kontinuitetu, kvalitetu i međunarodnog ugleda koji smo zajedno gradili tokom godina.

Zahvaljujem se članovima organizacionog i naučnog odbora, svim sponzorima i partnerima, kao i vama – učesnicima kongresa – koji ćete svojim aktivnim učešćem doprineti uspehu ovog skupa.

Želim vam uspešan i inspirativan rad, dinamične diskusije i prijatan boravak u Beogradu.

Srdačno

Prof. dr Vesna Stojanov

Predsednica Udruženja za hipertenziju

Dear Colleagues, Esteemed Lecturers, Distinguished Guests from Serbia and Abroad,

On behalf of the Serbian Hypertension Association, we would like to extend our sincere thanks to all participants gathered here today with a shared goal – to advance knowledge and exchange experience in the fight against hypertension, one of the greatest challenges of modern society. Elevated blood pressure remains a leading risk factor for cardiovascular diseases, and our expertise, dedication, and mutual collaboration are key to more effective prevention, diagnosis, and treatment.

This jubilee, tenth congress is a testament to the continuity, quality, and international reputation that we have built together over the years.

I would like to express my gratitude to the members of the Organizing and Scientific Committees, to all sponsors and partners, and to you – the congress participants – whose active contributions will ensure the success of this meeting.

I wish you a successful and inspiring congress, dynamic discussions, and a pleasant stay in Belgrade.

Sincerely,

Prof. Dr. Vesna Stojanov

President of the Hypertension Association of Serbia
